Charlotte and Greg, per our discussion on hunters pt yesterday, here's the type of questions and accusations we are receiving with respect to the rad issues. See attachment.

And, even though the Navy was at the meeting where this was presented and the focus was much more on EPA, you can sense the Navy attitude in their email below.

Thanks again for trekking out West to meet with us. Meeting in person is always nice. Hope your red-eye wasn't too painful.

John
